Summary

Motivated Computer Science undergraduate with hands-on experience in Frontend and MERN Stack Development. Skilled in HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS, and Responsive Web Design. Experienced in building interactive and user-friendly web applications through projects such as a Mac-OS Portfolio, PasteApp, and LeetCode Stats Tracker. Strong foundation in Data Structures Algorithms, problem-solving, and software engineering. Passionate about creating scalable, high-quality web applications and continuously learning modern technologies.

Education

B.Tech in Computer Science and Engineering

IMS Engineering College (2023 – 2027)

CGPA: 8.64

Intermediate (12th), CBSE

Tithonus International School

Percentage: 91%

High School (10th), CBSE

Tithonus International School

Percentage: 85%

Skills

Programming Languages: C++, JavaScript, Python, SQL

Frontend Development: HTML5, CSS3, JavaScript, React.js, Responsive Web Design

CSS Frameworks & UI Libraries: Tailwind CSS, Material Design

Backend Development: Node.js, Express.js, REST APIs

Database: MongoDB, SQL

Data Structures & Algorithms: Arrays, Linked Lists, Trees, Sorting, Searching, Problem Solving

Tools & Platforms: Git, GitHub, VS Code, Postman

Core Concepts: Object-Oriented Programming (OOP), Operating Systems, DBMS, Computer Networks

Soft Skills: Teamwork, Problem Solving, Self-Learning

Projects

Mac-OS Portfolio | *HTML, CSS, JavaScript* | GitHub | Live Demo

- Developed a responsive portfolio website inspired by the macOS interface using HTML, CSS, and JavaScript.
- Implemented interactive UI components and ensured a seamless user experience across devices.

PasteApp | *React.js, JavaScript, CSS* | GitHub | Live Demo

- Built a React-based application for creating, editing, and managing text snippets efficiently.
- Implemented reusable components, state management, and a fully responsive user interface.

CodeTrack - LeetCode Stats Tracker | *JavaScript, API Integration, HTML, CSS* | GitHub

- Developed a dashboard to track and visualize LeetCode statistics using API integration.
- Displayed real-time coding metrics through a responsive and user-friendly interface.

Achievements Certifications

- **LeetCode Practice:** Solved 300+ problems focusing on Data Structures and Algorithms (DSA) using C++.
- **MERN Full Stack Development Virtual Internship (EduSkills, 2026) – Ongoing:** Learning and building full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- **AI Deployment Automation Internship (EduSkills, 2026):** Successfully completed an 8-week internship program in AI Deployment Automation.
- **The Ultimate Job Ready Data Science Certification (2025):** Gained hands-on experience in Python, Machine Learning, and real-world data science projects.
